# 1-800-23-LOGAN

Thousands of travelers have already discovered a reliable and less stressful way to get to Logan: they leave their cars at home. Although Massport recognizes that many travelers have no choice but to drive to the airport and use its parking facilities, our strategy is to reduce the volume of traffic on major roadways around the airport. By providing a variety of fast, convenient alternatives to get to and from Logan, we've really helped those who use public transportation – and we've also helped those who don't.

In this brochure you will find information on all the public transportation services available to and from Logan. Keep this brochure as a handy reference guide. It lists schedules, fares, and telephone numbers. If you need further assistance, call Massport's 24-hour, ground transportation hotline, 1-800-23-LOGAN.

To ease traffic flow on airport roadways during rush hours, the airport exit ramp to Boston is closed. Traffic is diverted north on Route 1A to either circle back or take an alternate route.

Tolls for the Tobin Memorial Bridge and the Sumner / Callahan Tunnel are collected one-way only, driving in to Boston. Tolls for cars are \$.50 for the bridge, \$1.00 for the tunnel.
